RF-Keyfob

A very useful and handy device for end users to control their alarm system; it is no bigger than an average car key-fob yet this product delivers a wide range of features. Arm your system with the push of one button or if you prefer, key-in your User Code for extra security.

Also it unsets, part-sets, toggles lights on/off etc. Nothing overlooked, nothing compromised.

- Two-way wireless communication
- Contains battery
- Arm/Disarm/Part-arm via dedicated buttons or secure disarm via user code
- Dedicated panic button
- **Battery:** CR2032 3V Lithium
- **Quiescent Current:** 0.5 μ A
- **Transmit Current:** 34mA
- **Temperature:** -10 to +40 °C
- **Weight** (inc. magnet): 25g
- **Size:** 70mm x 35mm x 18mm
